| SURF VARIO |

LANAB GROUP:

| SURF VARIO |

Surf is a chair that combines flexibility and simplicity without cutting the ergonomic thinking and comfort.

Surf Vario provides maximum support of the lower back, and thoracic spine at the same time as there is the possibility to lean back and open up the hip joint. The back has a unique technical function where the angle of the back is adjustable but still open for rocking. The angle of the seat can be changed separately and you can therefore set the forward tilt of the seat separately.

NECK REST

The neck rest is adjustable in height, depth and angle.

ARMREST

The armrests can be raised and lowered, angled and adjustable in width, lateral and depth.

ADJUSTABLE BACK & SEAT

The back is adjustable in height, which means that the lower back can adapts to your back. The seat is adjustable in depth.

VARIO SWING

The chair has a mechanism with separate backrest angle adjustment and a function that makes the backrest go back smoothly. Back height/ hip height are adjustable. Adjustable swing resistance, adjustable according to your body weight. The swing is lockable.
